the PASSAGEWAY

Northwest Passage is dedicated to restoring hope through innovative mental health services for children and families.

LIVING A THERAPEUTIC LIFESTYLE

Because our goal is not only to help our clients succeed in treatment, but also to sustain those successes after their stay, we focus on helping our clients develop a therapeutic lifestyle. Our programming is aimed at areas such as:

NATURE | Nature is a source of healing

Our programs are set in beautiful Northwestern Wisconsin and incorporate our natural environment in all of our services.

RECREATION | *Recreation is refreshing and revitalizing* Finding activities that can ignite passion and become hobbies, helps develop personal satisfaction and a sense of mastery.

RELAXATION | *Relaxation promotes mindfulness*

Teaching principles and methods of relaxation helps manage distress and provides an opportunity to step back from our fast-paced world.

NUTRITION | Good nutrition feeds the soul

The fuel we choose for our bodies has a direct impact on our emotional well-being in addition to our physical well-being.

EXERCISE | Healthy bodies, healthy minds

A healthy understanding of the role movement plays in our day-to-day lives is critical to sustaining positive mental health.

RELATIONSHIPS | *Relationships transform and create hope* Relations are the core of our human experience and a reflection of our health. We have relationships with ourselves, our families and peers, and our communities.

SERVICE | Service to community builds strength By learning generosity and service to community, we develop a broader relationship with the world around one's self.

SPIRIT | Spirit is an opportunity to reflect

Contemplation about values and core beliefs allows exploration of what matters most in our lives.

At Northwest Passage, we strive to continually lead with values and beliefs that enable Northwest Passage employees to develop their potential, bring their full selves to the workplace, and engage in a world of inclusion.

THERAPY REDEFINED

Therapeutic experiences at Passage extend past time with therapists and into interactions with staff across many areas, such as:

EXPERIENTIAL LEARNING

We believe in learning through doing so that students at every level can succeed.

DIALECTICAL BEHAVIORAL THERAPY

Dialectical Behavioral Therapy (DBT) is the cornerstone of skill building therapeutic treatment at Passage and transforms our work with the kids everywhere from the classroom to the dining table.

EXPRESSIVE ARTS

Anchored by our world-renowned In a New Light nature photography program, kids can connect with themselves and the natural world through our expressive arts programming.

KEEP IN MIND OUR...

TRUSTED REPUTATION

We are licensed with the State of Wisconsin and are trusted partners or members of: National Association of Therapeutic Schools and Programs (NATSAP) and the Wisconsin Association of Family and Children's Agencies (WAFCA).

ACCREDITED SERVICES

Northwest Passage has earned national accreditation through the Council on Accreditation (COA) and academic accreditation through Cognia.

MULTIPLE FUNDING SOURCE

We accept funding from the following sources:

- Third party commercial insurance
 - Self-pay
- Public entities (including school districts)
